#### Highway to Health

CSVP's 2026 Wellness Fest, *Highway to Health*, was our most successful event to date, welcoming more than 700 community members, the highest attendance in our history. The event brought together 35 local businesses, including Athens Services and UCLA Health, along with 32 nonprofit and public service organizations, such as the County of Ventura, 6 divisions from the City of Thousand Oaks, Harbor House, Adelante Comunidad Conejo, and many others. Together, they provided valuable information and resources focused on health, wellness, and community support.

Attendees enjoyed access to health screenings, an "older adult" job fair, and opportunities to explore volunteer and employment options. More than 50 dedicated volunteers supported the event, from planning through execution, ensuring everything ran smoothly and creating a welcoming, positive experience for both guests and participating agencies.

In this popular class, Miss Jill allows students to visit countries and places all around the world - without ever leaving the classroom. This past week, students took a trip to Wyoming, where they learned about Yellowstone National Park. The class concluded with a replication of the infamous geyser, Old Faithful, using soda and mentos.

### Winter Adventure Half Day Camps

Building on the success of our Summer Adventure Half Day Camps, we offer Fall and Winter sessions during school breaks to keep kids active, engaged, and having fun year-round, with 24 participants in the Fall and 23 in our Winter sessions. These camps provide families with a fun and enriching option while creating positive, energetic, and memorable experiences for our community's youth.

### Flavors of Winter

Our Flavors of Fall class continued to bring hands-on learning and smiles to the kitchen as young chefs practiced safe knife skills and made their own quesadillas. It's been exciting to see participants grow more confident while exploring new foods, learning basic cooking techniques, and working together as a team.

During a recent Flavors of Winter class, we partnered with the Modeling Hope Club from Newbury Park High School for a meaningful art project, where youth created drawings that will be transformed into 3D-printed, hand-painted keepsakes. This special collaboration highlighted creativity, connection, and the power of community service.

### Afterschool Programs – Thriving at Westlake Elementary

Our afterschool programs at Westlake Elementary are off to a fantastic start, with both Mixed Media Art and STEM Fun with LEGOs® at full capacity. Students are building creativity, confidence, and real-world problem-solving skills through hands-on projects, and it's been especially rewarding to see these classes thrive under the guidance of our new instructors. The strong turnout reflects the growing enthusiasm for our afterschool enrichment programs and their positive impact on students.

## Saturday Fun Night – Valentine’s Day Edition (Coming Soon!)

Our popular Friday Fun Night is getting a festive refresh with a Saturday Valentine’s Day–themed event coming up on February 14th! These themed evenings continue to be a favorite, giving kids a fun, safe atmosphere filled with crafts, games, and themed activities, while parents enjoy a night out. We’re looking forward to welcoming both returning participants and new faces for an evening full of fun, friendship, and sweet Valentine’s Day spirit.
