AQUATICS PROGRAM PROTOCOLS

FACE COVERINGS

Every participant must wear a mask before entering the facility and must keep their mask on until the moment they are asked to enter the water. Likewise, they are required to put their mask back on immediately after they exit the pool.

HEALTH SCREENINGS

Every participant is temperature tested daily before entering the facility using a no-touch thermometer. Participants with a temperature of 99.5 or above are asked to return home and stay away from training for at least 14 days.

PHYSICAL DISTANCE

Participants follow strict entry and exit protocols to maintain at least 6 feet of distance (or more) while entering the facility, prepping for their swim, drying off afterward, and exiting the facility.

AQUATICS STAFF

Lifeguard, Instructors, and Coaches on deck are required to always wear their mask while on deck. Aquatics staff will maintain social distance unless contact is needed for a life threatening emergency.

VIEWING PROGRAMS

Practice is easily observable from the outside, however, no parents are allowed on deck during training. One parent or guardian is allowed on deck if their swimmer is under the age of 3 or has special accommodations.
