California Strategic Growth Council
Attn: Community Resilience Centers Program
1400 Tenth Street
Sacramento, CA 95814

SUBJECT: Letter of Intended Support for Conejo Community Park and Center Improvement Project

Southern California Edison ("SCE") is pleased to offer this letter of intended support for the proposal entitled Conejo Community Park and Center Improvement Project submitted by the Conejo Parks and Rec District in response to the California Strategic Growth Council's subject grant application.

SCE, a subsidiary of Edison International ("EIX"), is an investor-owned electric utility operating in the State of California, covering over 50,000 square miles and serving 15 million people. SCE has a strong interest in successfully enabling promising technologies and supporting the long-term success of the cities and customers within the SCE service area. SCE has a vested interest in supporting projects which help increase community awareness to climate change and resiliency, as well as ensuring our underserved areas are guaranteed fair and equitable access to these resources.

As such, SCE agrees with the Project's overall goals to replace the existing 7,000 SF building built in 1965 by local volunteer efforts with a new 19,000 SF building and a variety of community-serving park improvements. The proposed new building will be constructed to current standards and codes and provide expanded recreational improvements as well as the increased ability to serve as an evacuation shelter for the community. Most critically, the Conejo Community Park and Center Improvement Project will be a significant resource in addressing climate resilience and serving the District's most vulnerable residents.

Any potential participation or support provided by SCE is conditioned upon the successful negotiation of mutually acceptable contractual arrangements. For the avoidance of doubt, this letter may not be construed by the Conejo Parks and Rec District or any third party as creating any legally binding obligation by SCE.

We support the advancement of this project and wish you a successful outcome from the proposal selection process.

Sincerely,

DocuSigned by:
